Greenwood County and Duke Power Company; Notice of Availability of Draft Environmental Assessment

December 27, 1994.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the applications for new licenses for the following three existing hydroelectric projects, all of which are located on the Saluda River in South Carolina: (1) The Saluda Station Project (No. 2406-002), located in Greenville and Pickens Counties, near Greenville, SC; (2) the Hollidays Bridge Project (No. 2465-003), located in Greenville and Anderson Counties near Greenville, SC; and (3) the Buzzards Roost Project (No. 1267-000), located in Newberry, Laurens, and Greenwood Counties near Greenwood, SC. The Commission has prepared a Draft Multiple Project Environmental Assessment (Draft EA) covering all three projects. In the Draft EA, the Commission's staff has analyzed the existing and potential future environmental impacts of the projects and has concluded that licensing the projects, with appropriate

environmental protective or enhancement measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

Copies of the Draft EA are available for review in the Public Reference Branch, Room 3104, of the Commission's offices at 941 North Capitol Street, NE., Washington, DC 20426.

Any comments should be filed within 45 days from the date of this notice and should be addressed to Lois D.
